B

Signs are constructed of digitally printed and laminated vinyl graphics applied to an exterior grade rigid aluminum/plastic composite substrate with rounded corners. This is a very durable, long-lasting sign. **Prices include the signs, shipping/handling and sales tax where applicable.** Orders may be placed by email (preferred) or mail. Acceptable payment methods include a check by mail or credit card number included with order or called in by telephone. You will receive tracking details when the order ships and a copy of the credit card receipt if applicable. We ship all over the country. Additional shipping fees will apply to Alaska and Hawaii. We generally ship within 2-3 business days. Orders can be expedited. You may call in your credit card number, but we do need the order form completed by you and mailed / emailed.
